PROJECTS

Fertility Minds
10/2025 – 02/2026
- Built a React Native cross-platform app with Apple/Google login and dynamic tab-based pages, fully managed via a custom CMS/CRM.
- Integrated Stripe subscriptions, real-time Socket.io chat, push notifications, and social posting features, backed by a Node.js API and React admin panel, enabling scalable, interactive user engagement.

Flow Pouch
01/2026 – 01/2026
Built and deployed a Cloudflare Worker to seamlessly integrate ProsperStack with the FlowPouch subscription workflow, improving subscription management and retention processes.

¡Create Media
12/2025 – 01/2026
- Developed a visually rich agency website using Next.js, integrating GSAP and Three.js for complex scroll-triggered and 3D animations, creating an immersive, interactive user experience.
- Built a fully responsive, performance-optimized layout with clean UI/UX, ensuring smooth navigation, cross-device compatibility, and SEO-friendly implementation.

LYM Digital
12/2025 – 01/2026
- Developed a high-performance agency website using Next.js, featuring clean layouts and professional GSAP scroll-based animations.
- Implemented contact form submissions via Vercel serverless functions and leveraged Next.js SEO capabilities for fast, search-friendly page loads.

Trade Assurance Platform
07/2025 – 01/2026
- Developed a responsive web platform for global trade transactions using React, Vite, and Tailwind CSS, featuring clean layouts, smooth animations, and multi-step product/ service listing workflows.
- Implemented secure user authentication, order management, and real-time notifications, with robust admin dashboards for monitoring and managing transactions, ensuring seamless and reliable user experiences.

Al-khaleej Takaful Insurance
08/2025 – 12/2025
- Developed a bilingual (English & Arabic) insurance platform using Vite, React Intl (i18n), and Tailwind CSS, delivering a clean, responsive UI with smooth animations and RTL/LTR support.
- Engineered a highly complex, state-persistent multi-step insurance form with advanced validation using React Hook Form.
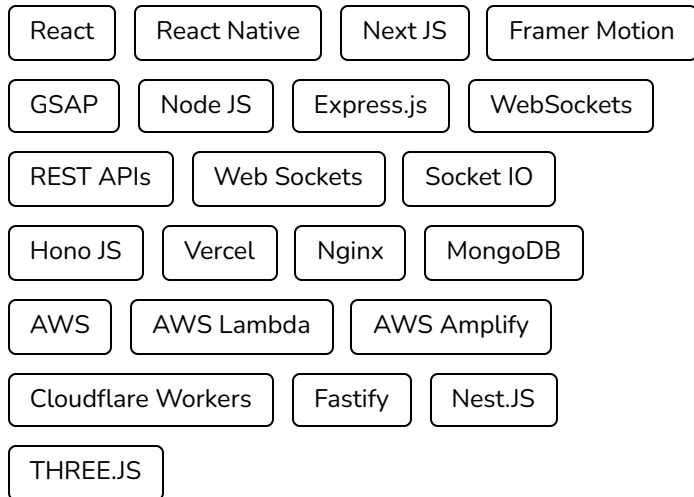

Information Technology Enabled Services
Govt. Boys Sen Sec School
04/2014 – 03/2016 | Rohru, Shimla, Himachal Pradesh, India
Courses
- Basics of IT
- Networking
- HTML, CSS, JS

SKILLS

| React | React Native | Next JS | Framer Motion |

| GSAP | Node JS | Express.js | WebSockets |

| REST APIs | Web Sockets | Socket IO |

| Hono JS | Vercel | Nginx | MongoDB |

| AWS | AWS Lambda | AWS Amplify |

| Cloudflare Workers | Fastify | Nest.JS |

| THREE.JS |

ACHIEVEMENTS

Certificate of Merit
11/01/2019
Attained the 2nd position in the end-semester examination.

Certificate of Merit
08/01/2016
Attained the 89th position in the Himachal Pradesh Board examination for 10+2.
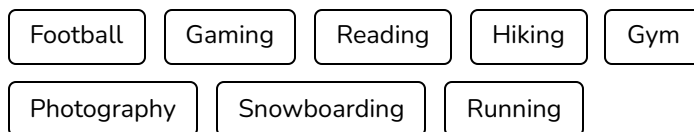

Certificate of Merit
05/01/2014
Secured the 115th position in the Himachal Pradesh school board examination for 10th standard.
